Volume 8 of this landmark edition follows Peirce from May 1890 through July 1892—a period of turmoil as his career unraveled at the U.S. Coast and Geodetic Survey. The loss of his principal source of income meant the beginning of permanent penury and a lifelong struggle to find gainful employment. His key achievement during these years is his celebrated Monist metaphysical project, which consists of five classic articles on evolutionary cosmology. Brand new Book. This is the first edition of Burke's famous Reflections on the Revolution in France to appear for twenty years. No edition of his other writings on the Revolution has appeared for almost a century. In these years, the background against which Burke wrote has been much studied, throwing new light on his motives for commenting on France, and the reasons why his writings were both widely read and widely rejected. Published two hundred years after the outbreak of the French Revolution, this edition shows that the issues raised by the most influential commentaries on that Revo
