Case 7. Off the top of your head, what are the most important things that the Airport President must think about? Answer guide: A good answer will be structured and consider the various stakeholders of an airport (i.e. Passengers, Airlines, Airport Vendors, Security, City Tourism, City Chamber of Commerce). 

365 Days x 650 daily flights x 180 seats per flight x 75% booked = ~34M passengers per year. Knowledge for action.
