The Last War book. Read 98 reviews from the world's largest community for readers. Earth is under attack. 20 years after the American-Chinese war devasta...Â LAST WAR #1. his is another space-opera serial that is becoming popular among sci-fi authors. We find mankind battling an unknown enemy, motivations unknown, but they are set to destroy humanity. At the end of the book, we learned they are human-like aliens, from the future and travelling from deep-space. The hero from our side is Admiral Mattis, and obscure character who let too often his feelings take command of his actions. But I guess if we want to learn more, we have to continue to book 2. I LAST WAR #1. his is another space-opera serial that is becoming popular among sci-fi authors.
