Hi there, I've been using NoSleep for a few years now and I have to say, it was a blast. I'm raising this issue to give a quick feedback about two of the changes from the last update: the click to activate has disappeared, that's a shame. Have a question about this project? Sign up for a free GitHub account to open an issue and contact its maintainers and the community.

5. global oil supply. On the demand side, preliminary estimates showed a steeper than previously expected decline in global oil demand growth in the fourth quarter of 2015 owing to the exceptionally mild winter (in Europe, the United States and Japan) and weaker economic sentiment in emerging markets (China, Brazil and Russia). Oil market participants continue to expect only a very gradual increase in oil prices in the coming years.
